ELECTION—TUESDAY, OCTOBER 8.

SUNDRY POLITICAL ITEMS.

A Washington dispatch says: "Democratic papers are circulating a statement that Gen. GRANT does not hesitate in conversation to condemn negro suffrage. This is wholly groundless. The General declares his firm belief that the negroes of the South are fully competent to exercise the right to vote intelligently on present issues there; and further, that only through universal suffrage can rebel rule be broken down at the ballot box; that qualified suffrage would not at the present time afford the means of overcoming the rebel vote."

Gov. MORTON lays down the chief planks in the Democratic platform as follows:

The repudiation of the national debt.

The restoration of slavery, or, it that cannot be done, payment by the nation for the slaves.

Pensioning the soldiers' widows and orphans of the confederate army.

Recognition of the right of secession.

And the unconditional return of rebels to political power.

In a recent speech in Ohio, in referring to colored suffrage, Hon. JOHN A. BINGHAM said:

Your armies bore witness that 175,000 of the black population, made free by the proclamation of liberty, were in the army of the Republic. When you consider that the majority of the black population were the slaves of rebels, and within their territoy, unable to signify to the United States Government their willingness to serve it, the fact that as large a proportion as of the free whites rushed to the defense of your flag, speaks well for their patriotism. In reference to this, what said General Sheridan? "The hand that lays down the musket must be permitted to take up the ballot." That was the soldier's opinion, and the patriot's opinion.

In relation to the impeachment that calm and able paper, the *Nation*, says:

"We have opposed with such arguments and with as much earnestness as we had at command the attempts to impeach the President. We did so from the belief, which we still retain, that up to this summer he had done nothing to justify a resort to a dangerous precedent. * * * * If he now obstinately perseveres in refusing to acknowledge his subordination to Congress, every consideration of safety and duty calls for his removal. The spirit he is displaying is the legitimate result of the extraordinary extension given to the power of the Executive during the war. It must be crushed at once, and crushed so sternly and effectually that no future President will ever allow it to take possession of him."

THE "Democrats" are trying to "make hay while the sun shines." They are strongly pressing the pardon of all their friends who were caught stealing during the war. The N. Y. *Tribune* gives this account of a case in which Judge BLACK is concerned:

"An effort is now being made here by Jerry Black to have the President pardon one W. B. N. Cozzens, who was convicted during the latter part of the war of swindling the Government out of several hundred thousand dollars. Cozzens was a large army contractor in Philidelphia during the war, and was charged with defrauding the Government in the manufacuring of tents and clothing for the army, was tried on this charge by the Doubleday Court-martial, found guilty, and sentenced to imprisonment and fine. For some reason that has never been made public, no action was ever taken on the proceedings of the Court-martial by the War Department, and the sentence of imprisonment was never carried into effect. Before the trial began, however, Cozzens's bondman was so convinced of his guilt that he voluntarily paid to the Government the amount for which he was liable. A large portion of the money, as was alleged, stolen from the Government by Cozzens, was recovered by the Government by cancelling a number of Cozzens's vouchers on the Government. Cozzens is now seeking to have this money refunded to him, and the fine imposed by the court-martial remitted, and the whole thing settled by a full pardon. Black has been trying for a long time to get Cozzens pardoned. Judge Holt all along has refused to recommend a pardon, and this is one reason of the efforts of lobby men in Washington to have Holt removed."

THE salaries of the Democratic officials in New York city are quite "comfortable."—Take the following as samples: John T. Hoffman—salary as Mayor of New York, $7,500; salary for signing the ordinances of the Supervisor, $5,000; salary as Commissioner of the Sinking Fund, $1,000. Richard B. Connolly—Salary as Controller, $7,500; salary for duties as county officer, $5,000; salary as member of Board of Revenue and Correction of Assessment, $1,000; salary as Commisioner of Sinking Fund, $1,000. Peter B. Sweeny—Salar as City Chamberlain, $10,000; Salary as County Chamberlain, $10,000; Salary as Commissioner Sinking Fund, $1,000. Mr. Sweeny also gets $2,000 for receiving and paying over the State tax, and interest from Broadway Bank for the use of the city and county moneys deposited there, averaging nearly $1,000,000. This gentleman's office is supposed to yield $130,000 a year. William M. Tweed—Salary as Supervisor, $2,000; salary as Superintendent of Street Inspectors, $4,000. Richard A. Storrs—Salary as Deputy Controller of City, $3,500; Salary as Deputy Controller of County, $3,000. We believe these constitute only a small part of those ubiquitous public servants who occupy two or more places at once in that city.

A Democratic journal in Ohio, the Adams county *Defender*, thus rejoices over the attitude assumed by the leaders of its party in that State:

It is hard, oh! so hard, to be taxed and bled to death to keep up the rotten faith and pledge of a sinking nation. * * * The ball of repudiation is already in motion, impelled by many of the most talented Democrats in the country. We give it another kick, friends, and hasten the day that we shall free ourselves from an odious and unjust oppression, imposed upon us by an illegal Congress.

MORE "DEMOCRATIC" SENTIMENT.

"YANKEE DOODLE" was hissed and "Dixie" applauded by some of the persons present at a theater in Nashville, Tenn., a few nights since, and General Duncan afterwards addressed a note to the managers, stating that "if such an insult to our flag occurs again at their entertainments, a military guard will be detailed to attend them, with instructions to expel all persons so offending from the house."

On the 17th of September, 1863, a Democratic mass meeting was held in Philadelphia, and the faithful were addressed by a certain candidate for the Legislature, at that time one of the editors of the Democratic organ in that city. Among other things he uttered this infamous sentiment: "I cannot regard a great victory over my Southern brethren as anything but food for melancholy reflection."

The same organs which for four years argued that the President and Congress combined had no authority to make war for the suppression of rebellion and the protection of the Government, are now arguing with equal zeal, as well as stupidity, that the President alone has power to grant a general amnesty to rebels, in the absence of any constitutional provision on the subject, and in the face of a law of Congress prohibiting him from doing so. These two facts are significant and perfectly consistent with each other—being equally in the interest of rebels.

A CORRESPONDENT of the Montgomery (Ala.) *Advertiser* thus arraigns the turbulent Rebel leaders in the South. Read and ponder the statements:

"They, at this time, hold nearly all civil offices in the country, except in some of the cities where wise changes have been made by the commanding General.

"They swear to the military authorities that they do nothing to obstruct reconstruction, while they use all the machinery and influence which their position gives them, to defeat the objects of Congress.

"They refuse to give any Union man justice, when they can possibly do him injustice. They make every Union man's means of living worthless to him if possible, by a studied course of persecution to those who patronize his business.

"They make every Union man's life unsafe by refusing to bring to justice those who threaten and mistreat him, or swindle him out of his just dues.

"They make every Union man's life miserable if they can, by advising every respectable person to refuse to treat them as gentlemen, and setting the example themselves. They deter young men from being loyal, by ordering all young ladies over whom they have authority, to refuse to speak to Union men, whether from the North or South.

"They frighten and deceive the colored voters by threats and falsehoods.

"They tell the colored men if they vote for a Convention and for loyal men, that they have to pay higher taxes, go to war and lose their liberty.

"They make colored men afraid to vote for a Convention, by discriminating against them in their official dealings.

"They intimidate many young men who would instruct the colored voters right, by slandering all who do it, and attempting to make it disgraceful.

"They use every means in their power to keep the colored people in ignorance, in order to make them vote against the Union, and the better to swindle them.

"They attempt to bring dishonor and contempt on the Government, by cursing the national flag and the Union.

"They make Union officers' lives unsafe (when a Union officer can be found in the country) by advising all bad men whom he may arrest or punish, to take his life.

"They attempt to make Union men's lives miserable, by

GETTYSBURG, PA.

Wednesday Morning, October 2, 1867.

All persons interested will therefore please take notice, that the regular circulation of the "STAR AND SENTINEL" is much larger than that of any other paper published in the County, being four thousand more than 10,000 per week.

☞ Advertisements, to secure immediate attention, must be handed in on or before Tuesday morning.

MODE OF VOTING.

Voters will bear in mind that the Act of 1866, requires the "*Judiciary*" and "*County*" Tickets to be voted SEPARATELY. The Election officers will prepare two boxes, in one of which the ballot for Supreme Judge will be deposited, while the remaining offices will be voted for on one ticket, to be deposited in the other box. We annex a copy of the genuine Republican Ticket. Let every voter, before depositing his ballot, examine his ticket carefully—separate the Judiciary from the County portion—and then hand the two to the officers. If folded, they must be folded so as to have the words "Judiciary" and "County" on the outside:

JUDICIARY.

For Judge of the Supreme Court,
HENRY W. WILLIAMS.

COUNTY.

ASSEMBLY,
GEORGE H. JORDY.

COUNTY COMMISSIONER,
PETER SHIVELY.

JURY COMMISSIONER,
CORNELIUS LOTT.

COUNTY TREASURER,
DAVID M. SHEADS.

DIRECTOR OF THE POOR,
SAMUEL SHELLEY.

COUNTY AUDITOR,
ALBERT M. HUNTER.

ELECTION—TUESDAY, OCTOBER 8.

SHERIDAN ON RECONSTRUCTION.

"The Reconstruction acts of Congress are the only measures calculated to benefit the people of the Southern States."

LET NOTHING DETAIN YOU FROM THE ELECTION! GIVE A VOTE FOR LIBERTY AND PEACE!

REMEMBER TUESDAY NEXT! VOTE EARLY! TAKE YOUR NEIGHBOR WITH YOU!

POLL every vote!

FILE your protest against corrupt legislative practices, by voting for GEORGE H. JORDY.

Do you wish to see the County expenses reduced? Vote for a capable and honest man, PETER SHIVELY.

LET every Republican voter be on his guard against slanders of our candidates between this and election. The opposition are desperate, and will resort to deception and falsehood to carry the day.—Look out for "Roorbacks."

ONE vote elected the Republican County Surveyor, one year ago. Poll every vote!

REMEMBER the Soldier! Vote for DAVID M. SHEADS, for County Treasurer.

ALL friends of a Free Railroad law will vote for JORDY. HELTZELL "dodges" the issue.

VOTE the *whole* ticket from WILLIAMS to HUNTER. *All* the candidates are worthy of the cordial support of every Union man in the County.

WHOEVER is anxious to see the Damage bill pass should vote for JORDY. The next Legislature is sure to be Republican; and a Republican can do more for the bill than a "Democrat."

As the "Town-clock" is not up, and not likely to be up before the election, we presume that Mr. WATTLES will not expect any Republican to vote for him, on the strength of that promise.

EVERYTHING indicates a Republican victory on Tuesday next. Come out, and help to swell it.

$200,000,000

Were lost this year, by the corruption of "Democratic" Internal Revenue officers.

If they get entire control of the Government, they will double their stealings.

SHARSWOOD is a Nullifier, and a Secessionist. Have nothing to do with the "Democratic" ticket.

SHERIDAN had a magnificent reception in Philadelphia on Wednesday night last. His presence has kindled the Republicans, and will add thousands to the Republican majority in Philadelphia.

THE Montgomery (Alabama) *Sentinel*, of the 23d ult., says that an attempt was made on the night previous, at Union Springs, Bullock county, to assassinate JOHN C. KEFFER, chairman of the Republican State Executive Committee.—That is the Southern style!

THE Republicans of California have united upon Judicial candidates, and Gorham, lately defeated for Governor, has issued an address to his friends recommending them to harmonious action. All will come right in the "Golden State."

LUDICROUS—to hear "Democratic" Orators talk of the honesty and economy of "Democratic" legislators. Why, they made the State debt we have; and the Republicans have paid all which has been paid.

LIEUT. GEORGE MASON, son of the late JOHN Y. MASON, of Virginia, has received a commission in the French army, and has gone to Algeria. Since the Rebellion failed, he is disgusted with free government. Would that more, who think as he does, would act as he has.

IMPORTANT TO ELECTION OFFICERS.

The attention of election officers is called to the State law of 1868 respecting the right of Deserters to vote, contained in the Election Proclamation, in this paper. It is very explicit as to the duties of election officers, and those violating it will subject themselves to heavy penalties. No man can suffer who obeys and carries out the law. It is violators of the law who need fear results.

COL. A. K. MCCLURE is still in Montana Territory, and will spend the winter there, looking after his mining interests. From one of his agreeable letters to the *Repository*, we clip this paragraph:

"Sunday is the great day here, as in most mining camps, for public meetings and amusements. To the credit of the Republicans be it said, that they refused to hold political meetings on Sunday. The Democrats, however, held their great meetings on that day throughout the Territory. Mr. Cavanaugh, Democratic candidate for Congress, followed me at Bozeman on Sunday, and a leading Democratic candidate preceded me at Hoggum on Sunday. Gov. Green Clay Smith followed me here last night (Sunday), and I notice that the Democracy are to close the campaign with a grand mass meeting in Virginia City next Sunday evening. Gov. Smith arrived yesterday from Helena, where he had started in to follow me around to Virginia.—As there are no churches, school-houses or other places of religious worship, and no place to read even, everybody was lounging around, and when his excellency entered the city a salute was fired from two anvils, much to the amusement of the few boys, and to the consternation of the many dogs. In the evening he spoke in behalf of the Democracy, to a large audience, and the side amusements which divided my hearers with me, seemed to reap a richer harvest than the evening before."

THE Baltimore *Gazette* ("Democratic") is out against the National Banks. It says "National bank currency is not money."

SHARSWOOD-ism is spreading among the "Democracy." Let stockholders, noteholders, and U. S. bondholders beware how they vote that Ticket, for whose success every Rebel in the land is enlisted.

GEN. SHERIDAN has recently stated that "more white men applied to be registered in New Orleans *who could not write their names* than black men."

Slavery kept both classes in ignorance, and for the one reason that the more ignorant the poorer classes were, the more readily the richer and ruling classes could control them. Congressional Reconstruction will force an educational system on the Rebel States, and regenerate them.

THE "Democrats" pretend not to be responsible for President JOHNSON'S acts; but their leaders are on intimate terms with him. Within the past week, several delegations of Pennsylvanian "Democrats" have called upon him, asking for favors, removals, and appointments. They got several good men put out, and several bad men put in.

JERRY BLACK'S claim for $1,500,000 still hangs fire in the State Department. JOHNSON will keep BLACK hanging by the eye-lids, until after the election. He may then pay it, if the election should go "Democratic." If Republican, the jig will be up, the million and a half will be saved to the Treasury, and BLACK will lose his expected fee of 25 per cent. thereof.

SEVERAL persons were arrested last week in Philadelphia, charged with counterfeiting National bank notes.

What's the use in going to the expense of trying them? JOHNSON will pardon them, that they may continue to help to bring the National bank system into odium.

THOMAS SWANN, of Maryland, prince of the "Blood Tubs" of Baltimore, organizer of the mobs which made it impossible for his enemies to vote, inventor of the "*awls*" which were for years a base feature of Baltimore politics, and over whose infamous exploits all men who respected freedom of elections were indignant—a mean, unscrupulous and hellish public man, was week before last formally received into the Democratic party at the great mass meeting in Baltimore, and now fitly reposes in its hateful bosom.

THE Democrats are in the habit of claiming Lieutenant General SHERMAN. We wonder if they remember his merciless castigation of Rebel sympathizers during the war, and his celebrated remark on Suffrage: "The hand that lays down the musket must be permitted to take up the ballot."

THE Rebels of the South, in their anxiety to escape their responsibility for the late war, are denying that they were the authors of the nullification and secession theories. They have convenient memories. They forget the Kentucky and Virginia resolutions of 1798 with their interpretation of them, and South Carolina's record in 1832. *Then* the Treason was hatched. GEORGE SHARSWOOD is upon record endorsing and applauding Calhoun in that infamous effort to destroy the Nation.

Health of Hon. Thaddeus Stevens.

LANCASTER, Pa., Sept. 25, 1867.—The condition of the health of Hon. Thaddeus Stevens is rapidly improving. His iron will even surmount disease. His friends throughout the country have been unnecessarily alarmed. It is true, however, that the hot days of last week did prostrate the "Great Commoner" very much. He is now substantially better, and will soon resume work on his reconstruction, revenue and financial measures, hoping to have them ready at the meeting of Congress, November 21. Mr. Stevens has not been away from here this summer, although he had intended to have gone to his iron furnace and then to the upper lakes.

More Assassination Threatened!

General Grant has recently received a number of anonymous communications from different sections of the country warning him that his recent bold avowals of support of the Congressional policy of Reconstruction endanger his personal safety. The writers state that Wilkes Booths are to be found in the South to-day as well as immediately after the close of the war, and implore the General to be careful how he appears in public gatherings, and to take every precaution against assassination.

IT is estimated that one-tenth of the entire number of prisoners and soldiers at the Dry Tortugas have died of yellow fever, and the plague has assumed a more malignant form.—O'Laughlin, one of the assassination conspirators convicted by the military commission, has died at that place.

THE FAIR.—In consequence of the interest centering in the Agricultural Fair, we arranged to give a large portion of to-day's issue to a full and detailed account of it (including the premiums awarded, which has been prepared for "THE STAR AND SENTINEL" by our special reporter. We are sure it will be read with pleasure by the people of the county, who will always find the STAR AND SENTINEL alive to whatever concerns their interests or progress. The Fair was in every respect a success, as a first exhibition at the county seat. The experience gained by the Managers this year will enable them, in their arrangements for future exhibitions, to guard against the few defects that developed themselves last week, and to secure additional attractions in future years. Much credit is due to the management, for the large amount of time and labor given to the preparations of the grounds—especially to Mr. SAMUEL HERBST, the President of the Association, who for months gave almost his entire time and attention to the arrangements for the Fair.

We understand that the sale of Tickets, of all sorts, realized the sum of about $4,000; and that the expenses were about $1,000, of which about $600 were given in premiums.

PROF. J. B. HARRY.—Among the numerous visitors called to Gettysburg, was our old friend Prof. J. B. HARRY, now resident in Carlisle. Prof. H. resided in Gettysburg, teaching vocal music, and has many warm friends in this community—especially among the younger folks, who cherish pleasant recollections of his genial nature and social virtues, as well as his superior professional attainments. As a thorough, accomplished teacher of vocal music, Prof. HARRY has few, if any, superiors. We are glad to learn that he has charge of a large number of classes in Cumberland county, who doubtless appreciate his professional skill and courteous bearing. When he gets through with the young folks of Cumberland, he will be cordially welcomed back to Gettysburg.

PENNSYLVANIA COLLEGE.—The fall session of this Institution opened on Thursday with a large accession of new Students, both in College proper and the Preparatory Department. Last session the catalogue showed a larger number of Students in attendance than in any previous year since the organization of the College. The indications are that the catalogue will exhibit a still larger number for the current year. This evidence of the prosperous condition of the College, will be especially gratifying to its friends, in view of the fact that special efforts have been made during the last few months to divert students in the interest of the new Institution recently established in Allentown.

ASSESSMENT.—The Mummasburg Mutual Fire Insurance Company have ordered an assessment of 12 per cent. on all the premium notes in force to meet losses by fire.

PEACHES.—Our clever friend, ANTHONY K. MYERS, of Latimore township, has our thanks for a basket of very choice Peaches—the finest we have met with this year.

CHURCH DEDICATION.—The new Lutheran Church in Littlestown, will be dedicated on Sunday the 13th inst.,—Rev Dr. BROWN, of this place, and Rev. Dr. MCCRON, of Baltimore, officiating.

GRAPES.—We are indebted to DAVID IRELAND, of Cumberland township, who sends us a basket of very fine Grapes, raised on his property.

BALL.—The Gettysburg Zouaves will give a ball to-morrow evening in the Agricultural Hall. Tickets $1, to be procured from Capt. NORRIS or any of the members. It is under good management and will be a success.

☞ Our readers who have occasion to have the services of a City Broker, will find the house of William Fisher & Sons, Baltimore—whose advertisement is in this paper—one of the best establishments in the country.

RE-UNION.—The officers of the 87th Reg. held their annual re-union on Wednesday evening last, where with a few invited guests they partook of an elegant supper at the Eagle Hotel. After the supper, speeches were made by Rev. Dr. BROWN, first Chaplain of the regiment, Gen. OWEN of Philadelphia, and Mr MCPHERSON.

NARROW ESCAPE.—On Thursday last, a horse broke loose from a hitching post on Washington street, and running up the alley to Baltimore street, came in contact with a horse and buggy, which Mr. WILLIAM A. MCILHENNY, of Straban township, was getting ready to start home. The horse and buggy were upset, the latter being completely crushed. The horse was uninjured. Mr. McIlhenny escaped with a slight bruise.

☞ The senior editor of this paper returns, on behalf of Mrs. H. and himself, their kind thanks to their esteemed friend, Rev. Mr. McCloskey, of Mt. St. Mary's College, for the valued present sent to them at the close of the Fair. Those tokens of friendship are cheering to the heart.

REPUBLICAN MEETING.—The meeting in the Court House, on Wednesday evening last, was large, and was attended by many prominent men of the county. The officers were:

President—John D. Becker.
Vice Presidents—Eden Norris, John Houck, Alex. Spangler, Wm. Douglass, Jacob Diehl.
Secretaries—Capt. C. G. Miller, John McAllister, Calvin Cobean.

Speeches were made by Gen. J. T. Owen and E. H. Coates, Esq., of Philadelphia, and Mr. McPherson.

PETERSBURG MEETING.—*President*—Wm. Moorhead; *Vice Presidents*—A. H. Miller, Dr. I. W. Pearson, E. Hiteshew, Abraham Fisher, John E. Spangler, Samuel Stough; *Secretaries*—R. W. Sadler, H. W. Becker, Jeremiah Shelly, George Deardorff.

Speeches were made by Messrs. Cover and McPherson.

MIDDLETOWN MEETING.—*President*—Capt. Frederick Wolf; *Vice Presidents*—John Wirt, Francis W. Krouse, George Group, Michael Detrich, Charles Hartsell, Geo. W. Rex, Jacob Shank, John Shugh, Geo. B. Hewitt, Capt. James Walter, Jno. A. H. Reuther, Daniel Walter, John Minter, Samuel Beecher. *Secretaries*—Israel Shank, Lieut. Philip L. Houck, Jame Ebert, Oliver Bleeker.

Speeches were made by Messrs. McConaughy, Miller and Hankey.

Fifth Annual Fair
OF THE
ADAMS CO. AGRICULTURAL SOCIETY.

First Exhibition at Gettysburg.

Our town has just passed through a *gala* week. As our paper was being put to press, last week, on Tuesday, the streets were fast assuming a holiday appearance; from the number of gaily dressed people that were gathering in from all directions, all intent upon "seeing the sights" and enjoying themselves "to the top of their bent." Although it was but the first day of the Fair, all the articles not yet being entered for exhibition, it is estimated that there was an attendance of *three thousand*. It was reserved, however, for Wednesday and Thursday to be the great days of the Fair, the crowd present on Wednesday being composed, according to reliable judges, of not less than *ten thousand* people, while that on Thursday must have exceeded it by two or three thousand. It seemed as if the doors of all the farm-houses and dwellings in the county had been thrown wide open, and their inmates had flocked *en masse* to the county-seat. Beginning early in the morning of both those days, a procession of vehicles could be seen wending its way along almost every road leading to town, while the excursion trains brought large accessions from Hanover and the surrounding country. Visitors were likewise present from York, Cumberland, Dauphin, Franklin, Washington, Carroll and Frederick counties. On Friday the attendance was very good, although not so large as on the previous two days.

Notwithstanding the presence of so many people, there was no disorder on the grounds, and but very little drunkenness in the town, owing, in a measure, to the excellent police arrangements of Col. C. H. BUEHLER, the Chief Marshal, and his Assistants, Capt. JNO. F. MCCREARY, Adjt. J. HARVEY WHITE, WM. A. DUNCAN, Esq., and Lieut. JAMES HERSH, who had charge of the grounds and track, and the execution of the programme prescribed by the Managers, and who discharged their delicate and important duties with tact and signal success.

THE GROUNDS

are situated on the south side of High street, west of Washington street, and comprise about twenty acres, all of which is surrounded by a high, close board fence. The carriage entrance faces West street, the exit being on the east side of the grounds, opening into Long Lane, at the head of an alley leading to Washington street. The foot entrance and exit are to the left of the carriage entrance. In the centre of the grounds is

THE TRACK,

which is said to be one of the best in the State. It is a half-mile in length, the sides being straight and the ends curved, the whole almost perfectly level. Its excellent condition, we believe, is mainly due to the exertions of Mr. SAMUEL HERBST, President of the Society, and Col. JOHN H. MCCLELLAN, who superintended its preparation.

THE STALLS AND PENS

are arranged about the upper part of the grounds on the east, south and west sides, and number about three hundred. The stalls for horses occupy the east and part of the south side. Adjoining those on the south side, are pens for the hogs and sheep, and on the west side are the cattle stalls. Near the latter, stands the house for fowls, rabbits, &c.

The north-western portion of the ground was set apart for the exhibition of

MACHINES AND VEHICLES,

some of which were in an open building; but the larger machines were out on the grounds, among which were Hoffhein's, the American, the New Jersey, Russell's, and Dodge's Reapers and Mowers, Lidy and Lecron's Grain Drill, the Wagoner Grain Seeder, Hoffeditz's Corn Cultivator, Hunt's Hoosier Fodder Cutter, Maryland Self-operating and Frect's Wire tooth Rakes, Sterner's Horse-power and Threshing-machine and Shaker.—Within the building were the Electric and Diamond Churns, Corn Shellers, Washing Machines, and Corn Drills of various makes, together with other machines, many of which had persons present to advocate their respective merits.

Among the vehicles exhibited were a Phaeton and Trotting-buggy, built by P. J. TATE & Co., Trotting buggies by YANTIS and A. J. GITT, and Buggies by A. DOERSOM, jr., SELL, BLOCHER & Co., CARL ERDMAN, and A. J. GITT, and Jagger Wagon by A. J. GITT. The handsome Hearse of Mr. TATE was also on exhibition.

In the same building, there were also some fine specimens of vegetables, including corn, tomatoes, onions, some enormous radishes and beets, and several mammoth pumpkins, two of which, weighing respectively 107 and 92 lbs., had grown upon one stalk.

Wards Automatic and Roth and Shand's Farm Gates were also on exhibition on this part of the ground. Within the track is the

MUSIC STAND,

where the Gettysburg Band, at intervals, discoursed stirring music. It was also used as the judges stand, during the trial of speed of the horses.

All the buildings are well constructed and arranged, and present a neat appearance.—This is particularly true of

THE HALL,

which, with its contents, we have reserved for description until now. Standing just at the entrance, it was naturally the first place visited. It is a large frame structure with a platform at the south end, and it is the intention of the society to furnish it in good style for the purpose of renting it for lectures, concerts, &c., thus supplying a want felt in our place since the other public halls have been permanently occupied.

To give an adequate description of the articles on exhibition here, so numerous, and varied in their character, is impossible, within the limits of a newspaper article. The result of a rather hasty survey is given below:

Entering at the east door, the visitor saw upon his right a collection of painting and drawings, some of which evinced talent and taste. The one that excited the most favorable comment, however, was a lifelike and beautiful life-size crayon drawing of a "Child and Rabbit," by Miss MCCURDY of this place. After passing the Howe and Grover & Baker sewing machines, and other articles of use and beauty, the end of the Hall is reached, upon which were hung four exquisite oil paintings—the property of D. MCCONAUGHY, Esq.—executed by WAY, of Baltimore. The one of "Lace-weaving" was particularly life-like and natural, both in color and position. Near by was a collection of photographs by TYSON, including some beautiful small views of the battle-field and stereoscopic views, together with several fine pictures on porcelain. YOST & YINGLING of Littlestown, exhibited a handsome fair-leather riding-saddle, covered with fancy work in relief. MUMPER had a tastefully arranged case of good photographs. Photographs of the beautiful medallions of "Morning" and "Evening" were exhibited by D. WILLS, Esq. A collection of photographs and stereoscopic views by the WEAVERS of Hanover, and Singer's Sewing Machine complete the list of the most prominent articles arranged around the walls. Along the length of the Hall were stretched three stands which were covered with articles, and above them were suspended some neat specimens of quilt work, imported German linen and other articles, of which we shall have to omit mention. There was any quantity of fruit in the natural state, of the largest kind, and most luscious appearance imaginable, and abundance of canned fruit. Jellies and preserves were there too, in great variety, all beautiful to look at, and delicious to the taste, no doubt. As for the "substantials," there was plenty of nice bread and butter there, a creditable exhibition of which, among others, was made by the baker and dairy-maid of Mt. St. Mary's College. On one of the stands was a complete set of miniature furniture, beds, bedding, bureau, cradle, table, chairs and tea set. Suspended over the aisles were two cages with a large number of canaries in each, exhibited by Miss HAY, the little songsters mingling their music with the chatting of the crowd and the tramping of feet, with which the Hall constantly resounded. There were many and beautiful specimens of needle and worsted work of all kinds. Upon the platform was a piano of Haines & Bro.'s make, one of Carhart & Needham's melodeons and Mason & Hamlin's Cabinet organ—the piano and organ being exhibited by Prof. GUNDRUM. Arranged in pyramidal form upon the platform was quite a large number of bouquets and plants, the exhibitors being ladies noted for their taste and skill in the art of flower gardening.

To the majority of the visitors this was the most attractive department, but here, as in all other parts there was a universal expression of satisfaction with the arrangements, and by all, the whole exhibition was conceded to be a grand success.

HORSES.

On the first day, there were already one hundred horses entered for exhibition. Besides a great deal of good stock from the County, there were present quite a number of fast animals from other parts of the State. The trial of speed took place on Thursday and Friday, and attracted much attention.

On Thursday the trial of speed took place for the Premiums to be awarded to horses owned in the county—$20 for the best trotter, and $10 for the second best. There were entered for the first premium, viz:—bay mare by Lieut. James Hersh; sorrel horse by Wm. E. Myers; and brown mare by Jonathan Myers—mile heats, best two out of three.—The gray mare won in two heats—time 3.23 3.24, viz:

	1st heat	2d heat.
Bay mare (Hersh)	1	1
Sorrel horse (E. Myers)	2	2
Brown mare (J. Myers)	3	3

Four entries were made for $10 premium, viz:—sorrel mare by Lieut. James Hersh; sorrel horse by Wm. E. Myers; brown mare by Jonathan Myers; and black horse by Chas. Sefton. On the first heat Myers' brown mare broke badly and was distanced, leaving the contest to the other three. The sorrel mare (Hersh) won in two heats—time, 3.37 and 3.41, viz:

	1st heat	2d heat.
Sorrel mare (Hersh)	1	1
Sorrel horse (Myers)	2	2
Black horse (Sefton)	3	3

A contest between pacing horses also came off, with the following entries, viz:—bay horse by Philip Linn, of Harrisburg; bay mare by Mr. Hepper, of ——; bay horse by John Shiffert, of Chambersburg; brown mare by Jerry Hannon, of Frederick, Md.—Shiffert's bay and Hannon's brown were distanced on first heat, leaving the contest to the other two, with the following result, viz:

	1st	2d	3d.
Bay horse (Linn)	2	1	1
" mare (Hepper)	1	2	

Hepper's bay mare lost the 2d heat, under decision of the judges, for foul driving, and not coming to time on the 3d. Linn's bay paced the track alone, winning the race.—Time, 2.56, 2.57 and 2.58.

Much interest centered in the $100 trotting race on Friday, which was open to general competition. Seven entries were made, viz:—Sorrel mare, "Lady Byers," by Philip Linn, Harrisburg; bay stallion, by Philip Corey, Philadelphia; brown poney, "Trouble," by Samuel Brengle, Frederick; black horse by same; grey horse, "Caldwell Bitters," by Martin Quinn, York; sorrel horse, "Prince," by George Ross, York; "Grey Bob," by Frank Marshall, Mechanicsburg, Pa. The horses started at a given signal—"Caldwell Bitters" coming in first, but closely followed by "Trouble" and "Grey Bob," the other four being distanced, and leaving the contest to these three—"Grey Bob" winning the race on the 2d and 3d heats, viz:

	1st	2d	3d
Grey Bob	2	1	1
Trouble	3	2	2
Caldwell Bitters	1	3	3

Time 3.05, 3.07 and 3.08. "Caldwell Bitters" came out first on second heat, but was ruled off by the Judges for foul driving.

"Lady Byers" was subsequently trotted against time, and made the mile in 2.59.

CATTLE, SHEEP AND HOGS.

Among the cattle exhibited, were Alderney and Durham bulls, Devon and Teeswater bulls and cows, a thorough-bred Ayreshire cow, and Durham heifers. Perhaps the best exhibition of cattle was made by the herdsman of Mt. St. Mary's College. Of sheep there were the Southdown and Cotswold breeds, and there were also different breeds of hogs represented, the names of which we cannot now recall.

There was a respectable display of chickens, geese, ducks and rabbits, and a white Cashmere goat attracted considerable attention.

At another place on the grounds there was a family of Maltese cats, and one of English coach dogs, both of which drew crowds of spectators.

SCENES AND INCIDENTS.

The children from the National Orphans' Homestead visited the exhibition, accompanied by Miss HOWE, their teacher, Mrs. TILDEN, the matron, and Mr. BOUERS the Superintendent, and seemed to enjoy themselves highly.

On Thursday afternoon, the Zouaves, Capt. NORRIS, had one of their interesting drills on the grounds, within the track, and were the recipients of much attention from the large crowd present.

We are happy to record, that in all our perambulations through the grounds, we met with but one gambler plying his vocation, and he attracted but few of the unwary.

One or two little urchins were so unfortunate as to become detached from their parents or friends in the crowd, and in consequence presented quite a distressed appearance.—They, no doubt, were restored to their anxious friends, before the day was over.

It was quite a fortunate season for the political candidates, many of whom, on both sides, were present, button-holing their friends. On Wednesday evening, as will be seen in another column, there was a large meeting of the Republican party, and on Thursday evening, the Democrats had a gathering of the clans.

At different points, were a number of

REFRESHMENT STANDS,

which were liberally patronized, and proved a fruitful source of remuneration to their owners.

PHILADELPHIA covered herself with glory by feeding the soldiers who went to the late war from all parts of the North and West; and now an association of Philadelphians, not "weary in well doing," have organized a scheme to shelter and to educate the orphans of the same brave men who were welcomed there in those troublous times. Riverside, New Jersey, is the site of their Institute, and the funds for its endowment are being raised by the Washington Library Company of Philadelphia, by the sale of stock at one dollar per share. With each share a handsome steel engraving is given at the time of purchase; and, as a further inducement, all are entitled to one of the $300,000 worth of presents to be fairly distributed to the stockholders; or, in other words, for every share of stock held a present is guaranteed. One present to be given away is worth $40,000.—Read Advertisment. 1t

POLITICAL ITEMS.

Senator Howard, of Michigan, in a letter published in a Detroit paper, referring to the threats of one of President Johnson's "Democratic" organs that Senators who have declared their conviction in advance shall not be allowed to sit in judgment on his case, says that "in view of the military preparations now going on in Maryland and other Border States, such threats can hardly be regarded as merely for buncombe," and that the artful purpose of the President to attempt violence upon Congress has become deepened and intensified under the malign influence of his private advisers. Congress, Mr. Howard continues, will do its duty regardless of the threats of intimidation and the military preparations he alludes to, and remarks that if Rebels and Rebel sympathizers have not yet had enough of strife and blood, they can, in his opinion, become easily satiated by indulging the President to assault Congress.

BALTIMORE, Sept. 24.—The first effects of the new Constitution have been manifested today in the acts of "Democratic" judicial bodies. The nominating convention for this city nominated Bartol as candidate for the Court of Appeals. He was arrested during the war for alleged disloyalty, and imprisoned in Fort McHenry. Among other candidates for judicial honors who were active and notorious sympathizers with the rebellion were T. Parkin Scott, a member of the Frederick Legislature of 1860, who was arrested and committed to Fort Warren by McClellan's orders; Geo. W. Dobbins, the counsel for the Kane police board; Trimble, the bridge burner; Robert Gilmore, brother of the well-known Harry Gilmore, and C. W. Pinkney, who is alleged to have been in the rebel army and on Lee's staff. Garey, who was a member of the Constitutional Convention, is a candidate for the office of clerk of the Criminal Court. McEwen, who was clerk for the Kane police board, in 1861 went South, but returned after Lee's surrender.

THE Republicans of New York have made a strong ticket, having nominated General McKean for Secretary of State, Calvin T. Hulburd Comptroller, and Theodore T. Gates for Treasurer. United States Senator Conkling presided, and made a speech denouncing Johnson's policy and advising impeachment as the only remedy for Presidential usurpation.—Nearly every one predicts an overwhelming Republican triumph.

Special Notices.

DR. WISTAR'S BALSAM OF WILD CHERRY.

In the whole history of medical discoveries NO REMEDY has performed so many or such remarkable cures of the numerous affections of the THROAT, LUNGS, and CHEST, as this long-tried and justly celebrated *Balsam*. So generally acknowledged is the superior excellence of this remedy that but few of the many who have tested its virtues by experience fail to keep it at hand as a speedy and certain cure for sudden attacks of *Cold*—fully believing that its remedial powers are comprehensive enough to embrace every form of disease, from the slightest cold to the most dangerous symptom of pulmonary complaint.

UNSOLICITED TESTIMONY.

From REV. FRANCIS LOBDELL, *Pastor of the South Congregational Church, Bridgeport, Connecticut.*

"I consider it a duty which I owe to suffering humanity to bear testimony to the virtues of DR. WISTAR'S BALSAM OF WILD CHERRY. I have used it—when I have had occasion for any remedy for Coughs, Colds or Sore Throat—for many years, and never in a single instance has it failed to relieve and cure me. I have frequently been very hoarse on Saturday, and looked forward to the delivery of two sermons on the following day with sad misgivings, but by a liberal use of the Balsam my hoarseness has invariably been removed, and I have preached without difficulty.

I commend it to my brethren in the ministry, and to public speakers generally, as a certain remedy for the bronchial troubles to which we are peculiarly exposed."

Will you be kind enough to have forwarded to me here 200 bottles of your Indian Liniment; if you will send at the same time the amount, I will remit you on the account through Messrs. BELMONT & Co., New York.

BARON SOLOMON ROTHSCHILD having recommended to many of his friends MAJOR LANE'S LINIMENT, and they being desirous to procure it, he should advise him to establish a depot in Paris.

No family should be without it. Every TRAVELER by land or sea should have a bottle. MINERS and FARMERS residing at a distance from Physicians should keep it constantly on hand. In case of Accidents, and sudden attacks of Stomach Complaints, its value cannot be estimated. Inquire for MAJOR LANE'S INDIAN LINIMENT, and take no other. 50 cts. per bottle. BASSINI'S

Twenty Melodic Exercises,

IN FORM OF

SOLFEGGIOS FOR SOPRANO OR MEZZO SOPRANO VOICES,

INTENDED AS

Studies to acquire the Art of Singing.

"These exercises were composed to be used simultaneously with his system, "THE ART OF SINGING," or with any *other method* for the cultivation of the voice, and will take the place of SOLFEGGIOS; being more melodious and better adapted for teaching.

"Some of these exercises are specially beautiful as well as useful, a mingling of the *dulce al mile*, which secures the interest as well as the improvement of the student. The various styles developed in these exercises render them invaluable in an educational point of view, as they tend to enlarge the intelligence and the appreciation, and at the same time form the taste of the pupil. They must be studied carefully with reference to the innumerable marks of expression and forms of ornamentation. Upon the minute accuracy with which these are accomplished depends the actual sterling advancement of the pupil; any evasion or slurring in these respects is time and effort utterly wasted, while, on the other hand, a close and patient investigation, and a minutely faithful execution of them, will give unexpected power and facility, and open to the student the means and resources by which great artists produce their most brilliant and profound effects.—*Watson's Art Journal.*

Agricultural Implements.

BRINKERHOFF'S CORN SHELLER, SEPARATOR AND CLEANER.

The undersigned would inform the Agricultural public that he has purchased from the Patentee of this extraordinary machine, the Patent Right for the States of Pennsylvania and Maryland.

Brinkerhoff's Corn Sheller, Separator and Cleaner, is pronounced the best machine of the kind in this country. And to prove it, it may be mentioned that the "Advisory Committee appointed to select Implements for exhibition at the Universal Exposition in Paris, in 1867, have selected this Sheller as the best in America," and at the request of J. C. Derby, U. S. Agent, a machine has been shipped to Paris for exhibition. One important feature in this machine is that it will shell ears large, small or crooked, perfectly clean, and separates the cob and chaff from the Corn ready for market.

The fact may also be stated that at the great trial of Agricultural Implements, at Auburn, N. Y., in July last, under the auspices of the New York State Agricultural Society, the Brinkerhoff Corn Sheller, Separator and Cleaner was reported by one of the most competent Committees as the best Corn Sheller out. They say, "We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it *the best Corn Sheller we ever saw.*" The report is signed by such men as John Stanton Gould, President N. Y. State Agricultural Society; B. P. Johnson, Secretary to same; Solon Robinson, Agricultural Editor N. Y. Tribune; S. Edward Todd, Agricultural Editor N. Y. Times.

From among many complimentary newspaper notices, the following, from the N. Y. *Observer*, is deemed sufficient:

"Among all the Hand Corn Shellers made in New York and Albany—and one single firm manufacturers more than 10,000 annually—not one can enter the circle with the Sheller just invented by J. Brinkerhoff, Auburn, New York. It shells, separates and cleanses, rapidly and easily, at one operation, as fast as the ears can be put in the hopper."

The undersigned is now prepared to dispose of COUNTY RIGHTS. He will have SHELLERS ready for sale in the course of a month's time.

SEWING MACHINES!

THE GROVER & BAKER.

THE BEST IN USE.—These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine.—They are truly wonderful machines in their construction perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without winding the bobbin, are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They are labor, time and money saving machines*, and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams co., where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

Needle and Thread will also be supplied.
